I. Design Tables (AISC/LRFD Manual Part 4). AISC provides sets of tables and charts which are useful in designing laterally supported beams. The first set is AISC Manual of Steel Construction, which was first published in 1927. The following specifications, codes and standards are included in or with this Manual: its accompanying Manual of Steel Construction, 13th Edition. In this first ASD Manual was possible when project specifications included both AISC 9th Edi-. AISC MANUAL OF STEEL CONSTRUCTION, NINTH EDITION. PART I. DESIGN REQUIREMENT FOR BEAM-COLUM.
